

DESCRIPTION: ZAIDI contains Brassinolides, which are natural substances with plant growth promoting activities. They trigger vital physiological processes in plants leading to enhanced growth, development and crop yields.

DIRECTIONS FOR USE: 100ml/Ha. Or 40ml/acre. Small Holder: 4ml per 15 Litres water or 5ml per 20 Litres water.

FREQUENCY: Tea: 1 application per month commencing before the dry spell.

USE INSTRUCTIONS & TANK MIXING: Shake the container thoroughly before use. ZAIDI is compatible with most pesticides & foliar feeds (except DAP & wettable sulphur), however check for compatibility with other pesticides & foliar feeds in the tank mix. The pre-harvest interval is 8 hours. A dry period of 6 hours is recommended after application.

HAZARDS AND PRECAUTIONS: HARMFUL IF SWALLOWED. Use protective clothing such as gloves, overalls, hat, gumboots, face mask or protective goggles. Avoid inhalation, skin or oral contact. Do not eat, drink or smoke during application. Wash contaminated skin & clothes.

STORAGE: Keep out of reach of children, away from food and feed stuffs and animals. Store in a tightly closed original container. The product should be stored in a well-built, dry, dark and well-ventilated store. During storage, do not leave the bottle of ZAIDI open.

DISPOSAL: Do not reuse empty containers for any other purpose. Triple rinse, puncture empty containers and bury them.

SIGNS AND SYMPTOMS OF POISONING: Headache, Giddiness, Nausea, Vomiting & Convulsion if swallowed.

FIRSTAID: Wash contaminated skin, irrigate eyes, with gentle jet of water. If swallowed, induce vomiting by gently touching or striking the throat with finger or spoon. Alternatively, administer one tablespoon of common salt in glass of warm water. Repeat till vomit is clear. Contact physician immediately.

ANTIDOTE: No antidote known. Treat symptomatically.

ENVIRONMENTAL HAZARDS: Do not contaminate ponds, waterways, ditches with chemical or used containers.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use or store a Pest Control Product under unsafe conditions.

SELLER'S GUARANTEE (WARRANTY): Seller's guarantee is limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
